

YEAR 5 CLASS CAS PROJECT: COLLABORATION WITH FAST

The Foreign Domestic Worker Association for Social Support and Training (FAST) is a charitable organisation dedicated to supporting migrant domestic workers (MDWs). At its clubhouse, FAST offers programmes and facilities that empower MDWs to pursue personal growth.

My classmates and I collaborated with FAST to enhance the lives of MDWs in Singapore through skills development. Between May and June, we offered weekly Sunday classes at the FAST clubhouse. To suit the varied interests of the MDWs, we covered language skills such as Mandarin and Singlish, as well as digital literacy apps like TikTok, Canva and Gemini.

Through our interactions, we gained valuable insights into the MDWs' backgrounds and experiences in Singapore. Many expressed a desire to learn Mandarin to better communicate with elderly care recipients. Their enthusiasm for learning was truly inspiring.
